Visitor Restrictions

We are working with the Virginia Department of Health and have developed the following restriction levels. The current restriction level can be found at each visitor entrance, by calling 540.741.1404, and at www.medicorp.org.

Green

- No visitors with any symptoms of influenza-like illnesses
- Visitors may be issued masks or other protective clothing for use when visiting

Yellow

- No visitors under the age of 18
- No visitors with any symptoms of influenza-like illnesses
- Visitors may be issued masks or other protective clothing for use when visiting

Red

- Visitors are limited to spouses/significant others, parents, or direct caregivers (son, daughter, or other family members responsible for care) only
- Visitors are limited to two per patient at all times
- No overnight visitors
- No visitors under the age of 18
- No visitors with any symptoms of influenza-like illnesses
- Visitors may be issued masks or other protective clothing for use when visiting

*Want to know more about influenza-like illnesses, www.visit.flu.gov or call the Virginia Department of Health at 1.877.ASK.VDH3 (1.877.275.8343)
